

**CITY OF GILROY CLIMATE ACTION PLAN  
PRELIMINARY MEASURES EVALUATION**

**Instructions**

Please review and respond in writing to as many categories and measures as your time, interest, and energy allows using the downloaded forms, as follows:

1. Read the description for each measure on the left column and the City comments to the right that further explain the proposed policy, program, regulation, or action.
2. The shaded rows reflect City staff responses: M or C - Does the Municipality (M) or the Community (C) control the measure? Should we exclude or include the proposed measure; do we need more information to decide, and/or is the measures already implemented by the City?
3. Check "X" in the appropriate non-shaded columns directly under the shaded portion: Should we Exclude, Need More Information, or Include the measure, or are you or someone besides the City Already Doing it?
4. Please write additional comments or questions below your X'd responses.
5. Please add new measures in the rows provided at the end of each category.

Measure	Comments	Municipal (M) Community (C)	Exclude	More Info	Include	Already Doing
